COURT FILE NO.: JV-09-68

**In Re the Matter of the Welfare of
the Child of Colleen and Anthony Hauser**

**SPIRITUAL PATH
DECLARATION**

Danny Hauser's Spiritual Path - Explained, briefly. Proposed Offer of Proof by and on behalf of Danny Hauser:

I am trying to explain to you what you may not know.

It is like looking at an elephant, real close. You know that it's big and grey. You don't get a chance to see the entire animal, until you step back and get perspective.

The same can be said for my religion. It is not a religion, as you understand. To quantify the glory of the Great Sprit and Its creation, is like saying we can preserve fresh air in a can.

But, I ask that you consider stepping away from this elephant in our living room, for just a minute.

Imagine, looking down upon this earth, from a higher up plane. I am there, with my parents, and Calvin. We look deep into each other and ask, is this what we are to do? We are with our spirit guides, who have helped us gain understanding of our true purpose: help on earth and lessens to be learned, and the teaching that must be done.

You see, I am a medicine man. Some times we teach, and some times we perform. Now, I am doing both. I will lead by example.

On my spiritual path, I am also known as a Great Spirit. I have lived many times before. So, 13 years is nothing to me.

The love of my family and community is more important.

In a few short words I am trying to express what has taken me years to understand, in a way that I can never teach.

I have a right to my individual consciousness. It is sacrosanct!

I do no harm. It is the core of my being.

It is against spiritual law to infringe upon the consciousness of another.

In the United States this is known as freedom of choice, and the bastion of privacy, especially those retained under the 9th and 14th Amendments of the United States Constitution.

I claim this, as my right, that no one:

No government,

No Big Brother,

No Tribe,

No other human being
may interfere with my Spiritual Path and my consciousness.
Now, I'd like to return to that higher plane, in the sky. Calvin is there. He wants to make
sure I am willing to go through this.
He refuses to allow me to be the sacrificial lamb for conventional medicine. Old fashioned
medicine. Harmful medicine. We all want to see a new day.
So, dad goes first. He is born in 1954. Calvin is next. He is born in 1955. Mom comes to
this earth plane in 1969 and I came last in 1996. (Of course there are others. We know
that.)
And, here we are, now, before you judge.
I want you to consider this: Can you hear the pleas of our ancestors? Can you hear the
pleas of us.
Do you think that it is entirely coincidental that I am a member of a spiritual path that has
the Oglala Sioux as its foundation? Remember where the Sioux lived? Right here, where
we are now.
Just because I did not come back into the body of an Indian boy, does not obviate my
purpose: to allow all to learn and live my message: DO NO HARM.

Do not judge me by the color of my skin, but by the content of my character.

Reverend Dr. Martin Luther King.

Remember the Holocaust, right here. The new Americans said: We kill the buffalo, we kill
the Indian.
Remember the Spanish Conquerors: Are you Christian? If you said no, you were shot, on
the spot.
Remember the attempts to eradicate my faith, with Christian extremism.
There was no room for my spiritual being.
There is room now.
Honor it.
That is all I ask.
